New Brockton Compassion Fund started to benefit those affected by WTC tragedy

by Linda Hodge, Editor

The New Brockton Town Council discussed three separate grants Monday evening, Oct. 1, during its regular monthly meeting.

Mayor Charles Cole informed council members that the town's application for a housing rehabilitation grant had not been selected. However, he said, he had read where the town of Kinston was approved for the same grant.

Cole, after that, Cole told council members that he felt the town's application for a walking trail grant had a good chance of being approved.

The third grant discussed by the council was one concerning the police department. Cole said the grant application was for three police cars including radio equipment.

Police Chief Jerry Gilbert said he was asking for \$158,000 in the application.

If approved for all or a portion of the grant, Cole said the town would be required to pay 10 percent of the amount.

"If we get it all, it would cost the city \$13,000," said Cole. "But no matter what we get from the application, it would only cost us 10 percent."

He said a fully equipped police car would cost approximately \$35,000.

Council member Rodger Harrison was concerned as to whether the current police cars would last long enough for the

town to wait to hear from this grant.

"Our cars will last a little bit longer if we are careful with them," said Gilbert.

Council member Ron McMonagle echoed Harrison's concerns saying the information on the grant application indicated it would be approximately eight months before the town would be able to get the money from the grant if approved. He too was concerned if the equipment on the current police cars would be good enough to last that long without causing the town extra maintenance bills.

Again, Gilbert said he felt the cars would be fine as long as the officers remain careful with them.

After the lengthy discussion, the council approved the submission of the grant application.

In an effort to aid those affected by the terrorist attacks to the World Trade Center in New York City, the council approved a resolution to support the Pride of Enterprise campaign.

In the resolution, the New Brockton Town Council approved the formation of the New Brockton Compassion Fund for receiving donations from the town council members, employees, and citizens to aid the people of New York. The fund will be opened at The Peoples Bank in New Brockton.

Cole said the money received in the Compassion Fund will be sent to New York along with the money raised by the Pride of

Enterprise campaign.

Cole said once the money is turned over to the ladies heading the Pride of Enterprise campaign, the account in New Brockton will remain open for further donations.

The monthly police report was given by the police chief. According to Gilbert, 21 traffic citations were written during the month of September. Also during the month, the department investigated six accidents, two assaults, two burglaries, four thefts of property, one lost property, six domestic violence, four harassments, three criminal mischiefs, one trespassing, and made four arrests on warrants.

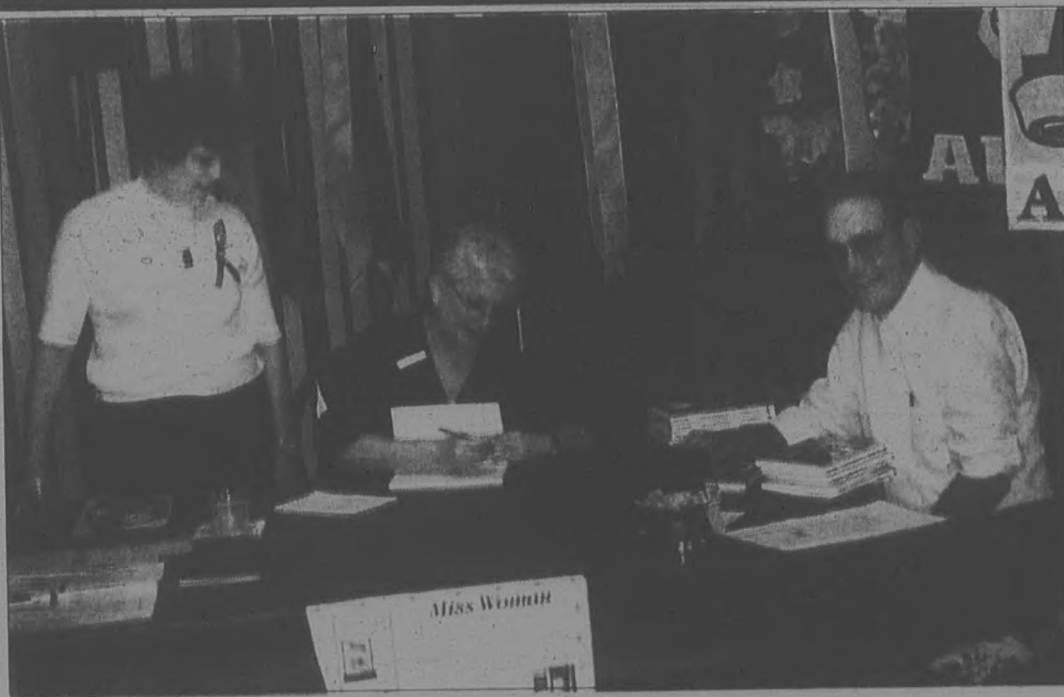

Council member Judy Stuckey announced during the Monday evening meeting that the New Brockton Recreation Department is in the process of building a Dixie Youth Little League field.

He said once complete, the field can be used for everything except adult softball. Therefore, more games can be played in New Brockton instead of having to go to Elba.

Mayor Cole added that the construction of the ball field is at no cost to the Town of New Brockton, and the money has already been received.

In other business, the council noted that the town will observe the Columbus Day holiday on Oct. 8. City Hall will be

ELBA AUTHOR ANN VAUGHAN RICHARDS is shown at a recent book signing for her new novel "Miss Woman." The event was held at the Briar Patch, on the square in Elba. Shown with her are a former high school classmate Mary (Cowan) Flagg, standing and Attorney Jackson W. (Bill) Stokes.

Elba Post Office makes its move

MOVING THE ELBA POST OFFICE Postal employees Steve Williams (left) and Clint Tindol are shown Friday as they did their part in moving equipment, supplies and the mail to the new facility on Claxton Avenue. The staff opened for business in the new building on Monday morning, October 1st, even though it took some after hours weekend labor by the local postal workers to complete the move. All customers with post office boxes in the old building had to go to the window Monday to get keys, and sometimes new box numbers, for their new and/or relocated boxes. There are no more combination locks on postal boxes in the modern new building.

Area Happenings

HIGH SCHOOL FOOTBALL On Friday, Oct. 5, the Elba Tigers will be at home against Highland Home, the New Brockton Gamecocks will travel to Houston County, the Kinston Bulldogs will be at home against Pleasant Home, the Brantley Bulldogs will travel to Ariton and the Zion Chapel Rebels will celebrate homecoming as they take on Ariton. Kickoff for all games will be 7:30 p.m.

BAND CONTEST The Elba High School Marching Tiger Band will travel to Daleville on Saturday, Oct. 6, to compete in the Daleville Invitational Band Festival. Elba will perform at 3 p.m. Everyone is invited to come show their support for the Marching Tigers.

LIBRARY CANNED FOOD DRIVE The Elba Public Library is having a canned food drive Oct. 1-13 for the Wiggins Food Bank. Pay overdue fines by bringing canned foods to the library. These cans of food will pay off \$5 in overdue fees.

BREAST CANCER FORUM A Breast Cancer Forum will be held Oct. 11 from 8:30 a.m. until 2:30 p.m. in Enterprise at Enterprise State Junior College. Professionals from John Hopkins University Hospital, UAB, Health South, University of Oklahoma and Medical Center Enterprise will present updates on diagnosis, treatment and breast reconstruction. There will be lots of door prizes, exhibits and lunch provided free. To reserve lunch and to register to attend, call Sandra Coffey at the Coffee County Extension System office at 894-5596 or 894-6138 no later than Oct. 9.

PUMPKIN PIE PLEASE... While attending the 2001 Farm City Week Petting Zoo/Agricultural Exhibit, Tuesday morning, Oct. 2, in New Brockton, Elba Elementary School Kindergarten Logan Bailey got to see firsthand where all those pumpkin pies originate. As shown above, Logan got a chance to demonstrate his strength by lifting this large pumpkin. After seeing him accomplish the task, several of Logan's pals joined in on the fun and did the same thing. More pictures on Page 7.

Local students visit Farm City Week Petting Zoo

by Linda Hodge, Editor

Excitement filled the air at the Farm Center Complex in New Brockton earlier this week as children throughout Coffee County visited the 2001 Farm City Week Petting Zoo/Agricultural Exhibit.

The purpose of Farm City Week is to build relations between the agricultural and urban areas," said Stan Windham, Coffee County extension agent. "We originally began the petting zoo so children would have an opportunity to learn where their food comes from."

He said often times a child knows what ham is, but he/she may not realize that the meat comes from a pig. A goal of the petting zoo is to give them a better understanding of such things.

"To tell the truth, it's (petting zoo) more fun than learning," said Windham. "But we want them (children) to know the difference between a cow and a horse, and I think we are accomplishing that."

On Tuesday of this week, Windham said approximately 1,000 children were expected to

visit the petting zoo. This included all public schools in Coffee County, as well as most of the private schools.

Windham also said many daycares, nursing homes and other special groups in the area take time to visit each year.

According to Windham, an advantage for the people of Coffee County is the fact that it has almost as much agricultural area as urban area.

"It is unusual for a county to have as much agricultural area as urban," he said. "The only other county I can think of that has as much is Cullman County."

Also, he said Coffee County is in the top five in agriculture in the State of Alabama.

As Farm City Week nears, there will be more and more activities held throughout the county where those who work daily in the agricultural industry join forces with those who work in the urban industry.

One such event is planned for Friday, Oct. 5, when the Farm City Swap will have New Brockton Mayor Charles Cole and farmer Bill Caylor exchanging roles for the day.

NOTICE

Please see Page 16 for award winners from the annual Elba Chamber of Commerce Banquet held Thursday evening, Sept. 27.

Little Miss Elba Brooke Weeks will compete for the title of Little Miss National Peanut Festival Queen on Saturday, Oct. 13, at 6 p.m. at the Dothan Civic Center.

Brooke is the daughter of Gary and Tabatha Weeks of Elba and the granddaughter of Jerry and Joann Weeks of Elba, Sheila and John Bess of Kinston and Noel Scofield of Phil Campbell, Ala.

Brooke will be contestant number 24, and she will be competing along with 66 other contestants. She has worked very hard in preparing for this occasion and will hold these memories dear to her for many years to come.

The public is invited to attend and show support for Elba and Elba's representative, Little Miss Elba Brooke Weeks.

OCTOBER

THE BRADYS will be at Brundidge Church of God (Hwy 231 South in Brundidge) on Friday October 12th at 7 p.m.

WORSHIP IN THE CHURCH OF YOUR CHOICE THIS SUNDAY!

WHAT DOES THE BIBLE SAY ABOUT...?

A Service of the Elba Church of Christ

Why Should The Bible Be More Regarded Than Any Other Book?

Unknown to many, the Bible is not like any other book. Every book except for the Bible "came from the mind of God." All scripture is given by the inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works (2 Timothy 3:16-17). Therefore the Bible is God breathed, which means it is His word by which His will for all mankind is revealed.

The Bible is not a dead letter, not just paper and ink, and not just something for man to rest on his coffee table to collect dust. "For the word of God is quick and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and the joints and marrow, and is a discerner of the thoughts and intents of the heart (Hebrews 4:12)." It has the power to change a man's life by giving him the knowledge of God's will for what he must do to be saved. As Paul wrote to Timothy: "And that from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus (2 Timothy 3:15)."

Therefore is any other book needed to give man what God has revealed to him so that he may be saved? No! For only the Bible is all sufficient for man to know what God has revealed for him to know. According to his divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue. Whereby are given unto us exceeding great and precious promises: that by these ye might be partakers of the divine nature, having escaped the corruption that is in the world through lust (2 Peter 1:3-4).

Jesus explained the meaning of the parable of the sower by stating: "Now the parable is this: The seed is the word of God (Luke 8:11)." This means then that only when the Bible, which is the word of God, is planted into the heart of man will a Christian be produced. No other book but the Bible will help man get to heaven. That is why the Bible must be regarded above all other books. If man obeys any other book in an attempt to save his soul, then he is trying to save his soul by some other means than by the all powerful word of God.

Jimmy Simmons

If you would like to submit a question for consideration to be used in this column, please send it to: "Questions and Answers," c/o Elba Church of Christ, P.O. Box 269, Elba, AL 36523. We invite everyone to attend the services of the Elba Church of Christ. Bible classes begin on Sunday mornings at 9:00 worship at 10:00 A.M. and 6:00 P.M. and Bible Study on Wednesdays at 7:00 P.M.

The church is located on Coffee County Road 421, off County Road 410. All friends and relatives of the family are invited to join the Farris family for this occasion. Lunch will be served at noon. Those attending are asked to bring a covered dish.

Correction:

In the Sept. 20th edition of The Elba Clipper a mistake was made in the printing of the engagement announcement for Monica Jill Westbrook and Ashley Bryan Weeks. Regrettably, the parents of Ashley Bryan Weeks were not included in the announcement due to an oversight in typing. The article should have indicated that Ashley is the son of Mr. and Mrs. Dykes Weeks of Elba.

Also, Miss Westbrook is a graduate of Kent State University in Kent, Ohio. Kent was spelled incorrectly. The staff of The Elba Clipper apologizes for any inconvenience this may have caused.

EES Faculty Spotlight

by Amanda Spicer

This week's EES spotlight focuses on Mrs. Millie McCollough. She attended Elba High School and later Auburn University. Mrs. McCollough received her Master's degree from Troy State University and her Administration Master's from Auburn University at Montgomery.

Her past teaching experiences include positions at Eufaula and Kinston Elementary for 11 years. Mrs. McCollough teaches 6th grade reading and social studies; she has taught at EES for two years. Mrs. McCollough is married to Rhet McCollough and has 3 children: Dylan, Gunnar and Cammie. Her hobbies include painting, sewing and reading. When asked about her inspira-

Millie McCollough

tion to become a teacher, she said that her grandmother, mother and her father were all educators. She also drew inspiration from two former teachers, Claude Lee Smith and Miriam Kennedy. When asked what she would like to do if she could no longer teach, she replied, "I would love to write and illustrate children's books."

EES library receives donation

by Gavin Mauldin

On Wednesday, Sept. 19, the Elba Elementary School library received a generous donation from the Robert Dowling Chapter of the National Society Daughters of The American Colonies, located in Dothan, Ala. The society is made up of those whose ancestors served the Colonies before the American Revolution. The committee presented money to area libraries for patriotic books and bookmarks for 4th grade students.

Elba High School FBLA elects officers for 2001-2002 school term

by Kristy Ward

On Wednesday, Sept. 19, FBLA had a meeting to announce officers for the 2001-2002 school year.

In order to be a member of the Future Business Leaders of America you have to have been enrolled in one computer class at Elba High School.

The new school year officers are as follows: President - Miranda Russell; Vice President - Kristy Ward; Secretary - Ayonna Proctor; Treasurer - Jessica Hathcock; Reporter - Adam Motz; Parliamentarian - Aubretta Williams.

These officers are expected to have a great year!

Pictured from left to right: Adam Motz, Jessica Hathcock, Aubretta Williams, Ayonna Proctor, Kristy Ward and Miranda Russell.

THE FOUR WAY TEST
of the things we Think, Say or Do

- First - Is it the TRUTH?
- Second - Is it FAIR to all concerned?
- Third - Will it build GOOD WILL and BETTER FRIENDSHIPS?
- Fourth - Will it be BENEFICIAL to all concerned?

Compliments of
ELBA ROTARY CLUB

Bonfire riles Elba High School spirit

by Stephanie Sasser

On Sept. 20, Elba High School's school spirit rose higher than Elba's largest bonfire. Following the Junior Varsity Tigers' 18-6 victory over the JV Opp Bobcats, the Elba High School football team, cheerleaders, band and fans rallied together to support their Elba Tigers at Elba's Largest Bonfire, sponsored by Dorsey Trailers. The bonfire served as a community pep rally to promote "Tiger Spirit" for the Elba vs. Opp football game.

Following the entrance of "Kate," Dorsey owner Chris Street's alter ego, the bonfire was not the only source of heat in the area. After a "Bad to the Bone" dance by Ms. Kate, the cheerleaders cheering and the band playing, EHS spirit was loud and proud. The bonfire also honored senior football players, cheerleaders and band members.

When Senior Gavin Mauldin was asked about the bonfire, he said, "It was a really great show of support from the community."

It was really exciting," Junior Carla Roberts said, "It certainly showed a lot of school pride. It was very fun."

With fans in high spirits, the first bonfire of the season ended with high hopes for Friday night's game.

Elbie and the EHS Varsity Cheerleaders

EHS Faculty Spotlight

by Kimberly Farris

This week's faculty spotlight is on Mr. Ricky Carlile. He is a graduate of Elba High School, and he continued his education at Troy State University. At Troy, he obtained degrees in business marketing and education. He also received his Master's and Administration Certification at TSU.

Before coming to Elba High School in 1993 he taught at Daleville High School and New Brockton High School. Mr. Carlile and his wife, Debbie, have a son, Bucky, and a daughter, Lacy. Mr. Carlile thinks of himself as "a plain ol' guy." As Popeye says, "I am what I am, and that's all that I am." When asked who or what inspired him to become a

Ricky Carlile

teacher he said, "A love of mathematics and teachers like Janet King, Sue Adkins, and Judith Tucker." He also has many relatives who are teachers. If Mr. Carlile could no longer be a teacher, he would probably want to own a junkyard with lots of old cars and motorcycles.

Co-Op Spotlight

by Charly Barlow

This week's Co-Op spotlight focuses on Danae Ann Ware. Danae is a 16-year-old junior at Elba High School. She is employed at Hardee's, where she takes orders, fixes food and cleans.

Her hobbies include playing volleyball, basketball, and being in the chorus.

Danae lives with her aunt, Winnie James. Danae is undecided about what she is planning on doing after graduation.

Danae Ware

See You at the Pole meeting

by Brittany Daniels

On one weekend night in early 1990, a small group of teenagers - seeking God - assembled in Burleson, Texas. God moved through the teenagers that night and compelled them to pray. They found themselves standing in front of the flagpoles of three different schools. There they prayed for their friends, schools, and leaders.

Through the meetings at this school and similar meetings at surrounding schools, a vision was born in the hearts and minds of many young leaders throughout Texas. The name "See You at the Pole" was created at an

early brainstorming session among participants. What started as only a small gathering of a few students in a small town has now grown into a nationwide gathering of millions in over 20 countries.

On Sept. 19, Elba High School held its annual "See You at the Pole" meeting, which is sponsored by FCA (Fellowship of Christian Athletes). An estimated 100 to 150 students, faculty and local clergymen attended. They were served refreshments, participated in a devotional and prayed for the upcoming school year.

FCA wants to thank the participants their support and help in expanding this program.

FCCLA elects new slate of officers

by Katie Grimes

The Elba High School chapter of the Future Career and Community Leaders of America recently elected the officers for the 2001-2002 year.

On Wednesday, Sept. 19, the members of FCCLA met to elect officers for the new school year. The results of the election are as follows: President - Crystal

Frost; Vice-president - Kelli Richard; Secretary - Summer Stricklin; Reporter - Rae Walker; Historian - Gale Olsen; Parliamentarian - Amanda Richardson; Social Chairman - Randy Miller; Special Projects officer - Roneene Brown.

FCCLA is looking forward to an exciting and productive year under the leadership of these new officers.

ELBA FIREMEN DELIVER CHECK...Elba Firemen Wesley DeVane, Tim Richards and Wayne Johnson presented a check from the Elba Fire Department in the amount of \$1,613.08 during the Jerry Lewis MDA Labor Day Telethon. The money was raised by the Elba Fire Department in Aug. during a "Fill the Boot" campaign and will benefit Jerry's Kids. The three firemen presented the check on television to WAKA Channel 8 personalities in Montgomery on Labor Day.

Sherwin-Williams joins local project to aid rescue workers in New York...

Phillip Fugit, assistant manager of Sherwin-Williams in Enterprise, and other employees recently collected t-shirts to send to the rescue workers in New York. A special message was included in the box of t-shirts sent. The box of items including t-shirts, work gloves and dust masks were delivered to the Elba Marketplace, just one of many drop off points.

Phillip Fugit

Troy State reports fall enrollment increase

Troy State University officials are encouraged by a 5 percent increase in the headcount enrollment for fall semester.

Even more impressive is the number of new students on campus this fall, according to John Schmidt, Vice President for Student Affairs. He said 1,384 new students—defined as freshmen or transfer students—are on campus this fall. This is a 9 percent increase over new students registering for fall of 2000.

Schmidt said other indicators point to a strong recruitment effort. He said residence halls are at 97 percent capacity and sales of meal plans are up 8 percent over fall 2000.

"We are pleased with these numbers, particularly the increase in new students," Schmidt said. "This is a true measure of the effectiveness of our recruiting efforts and the hard work of our admissions team."

Buddy Stirling, Dean of Enrollment Management, said TSU's national recognition as one of 70 "best value" universities in the nation by the Kaplan/Newsweek 2002 College Catalog will further aid marketing student recruitment efforts.

Stirling added that TSU's recruitment efforts are being expanded to include north Alabama. He added, however, that TSU will continue to emphasize strong recruiting around its southeast Alabama base.

Peanuts and cotton atop many farming minds

by Richard Petcher, County Extension Agent

The top two questions in Coffee County farming now are "When do I dig my peanuts?" and "When do I defoliate my cotton?"

Sometimes the answer is obvious. Sometimes it is not, and it takes careful consideration as to when to dig peanuts or defoliate cotton.

If you need to harvest peanuts and cotton at the same time, what do you do? Most farmers and experts say harvest your peanuts and hire someone to custom defoliate and pick your cotton.

Research shows that cotton will lose 1% of its weight per day if it is left in the field. This loss is due to sunlight and normal weather. That is not including hurricanes or other catastrophic events. Most experts across the cotton belt say it is a \$9 loss per day. On one bale of cotton, it would probably relate to a \$4.50 loss per day. If your cotton is ready to defoliate and you don't want to wait 10 days that is a \$45 loss, or a three week wait would be a \$90 loss. That would more than cover the cost of harvest and defoliation. Timeliness of both peanut and cotton harvest is critical.

Do I use ground equipment or aerial to apply my defoliant? (Through coverage and penetration)

is a real key. Aerial spraying works well in big fields. However, around pecan trees, etc., you would want to use ground equipment if possible.

The decision as to when to harvest your cotton is based upon the maturity and condition of the crop, the weather conditions and the availability of your time and equipment.

Choosing the time to defoliate is part art and part science. Cotton sets fruit much like a peanut. The fruit set first and lower on limbs and closer to the stalk is your money crop much like your tap root crop on peanuts. You don't want to wait on the top fruit at the sacrifice of losing the lower fruit.

The 60% open boll is a rule of thumb that many people use to time their defoliation. This usually works. If you do not have gaps in your fruit set or have over 12 fruiting branches.

The second method is the slice method. You need a very sharp knife and extra caution on your thumb. In the field examine the bolls you intend to harvest. Those bolls are mature enough if they are hard to squeeze.

and difficult to slice in cross sections with a sharp knife. If mature, the cotton fibers should string out when cut and the seed coats be light brown in color.

The third method and I think by far the best method is called "nodes above cracked boll."

(NACB). Search the plant for the uppermost cracked boll (already cracked) on the first fruiting site. Bolls located 4 to 5 nodes above this point are generally considered mature. Select the top boll you want to harvest and time your defoliation when the first position boll crack 4 nodes below it.

Coffee County's 2001 cotton crop for the most part is a good crop, but with a low price. It will be hard to justify over a \$10.00 defoliation treatment. If you are going to defoliate though do a good job. You won't want to have to spray a second time. Many growers will wait until the cotton totally opens and naturally starts to lose its leaves before defoliating or will wait until the first defoliates the cotton. During hot dry weather, it is easy to stick the leaves with a defoliant. Different defoliants and mixtures work differently under different conditions and the condition of your cotton and weeds. Fair weed problems. Harvade 5F for morning glories works best.

Careful studying of your defoliants and how they work will really pay off. We always need to look for bargains and consider costs, but when it comes to defoliants we really need to look at what works the best. Increased yields and grade at the gin will more than pay for a defoliation job well done.

More pictures from the Farm City Week Petting Zoo

Good Luck Brooke at Peanut!

Little Miss Elba Brooke Weeks will compete for the title of Little Miss National Peanut Festival on Saturday, Oct. 13, at 6 p.m., at the Dothan Civic Center.

No gifts will be accepted at the civic center. If you would like to send something to her, send it to the Travel Lodge hotel on the circle in Dothan where she will be staying on Friday, Oct. 12, and Saturday, Oct. 13.

A special "thank you" to everyone for all your support! We love you and good luck to Little Miss Elba Brooke Weeks!!

Have a Safe
& Happy
Columbus Day
October 8th!

What do I have to say about
Maximum Advantage Banking?
Here's my only statement.

So, maybe you're not Mr. Organized when it comes to handling finances. After all, it's tough to stay on top of things when you've got 6 or 7 different bank statements coming at you each month. Well, SouthTrust has an account that's going to change your life for at least clear your desk off. It's our Maximum Advantage Banking Account. With Maximum Advantage, you get the (and only one) monthly bank statement that conveniently details activities on all of your accounts. Sound handy? It is. And, who knows? A couple of months after you open the account, you just may say that "Mr. Organized" title after all.

To open an account:
Come by any of our offices during business hours, or call 1-800-CALL-STB (1-800-225-5782), Monday through Friday, 7 am to 7 pm CST or 8 am to 6 pm EST.

ONE CONVENIENT MONTHLY STATEMENT
Simplify your finances (and your life) with this easy-to-read monthly statement. Your statement will include activity on your checking, savings, home equity loan line, mortgage loan, credit card, and more.

MAXIMUM ADVANTAGE PERKS
• No annual fee (VISA/MasterCard)
• No charge for PC banking
• No charge for personalized standard checks
• And a lot more

MAXIMUM ADVANTAGE BANKING MAXIMIZES YOUR MONEY
• Pays you interest
• Multiple ways to qualify for Maximum Advantage Banking at no cost

THE PRESSBOX

By Ricky Mularz, Sports Editor

Last weeks cool weather sent the Mularz girls scurrying up into the attic hunting for long sleeve shirts and jackets, and even though they found more than enough warm clothes to get'em through at least the beginning of fall, they were still in the mood to go shopping over the weekend. I don't know what their plans were, but after Dad showed them how empty his pockets were, they decided to shop closer to home. I know my girls will not agree. However, I have to believe that winter is still a long way off.

TIGERS PUSH RECORD TO 3-2 WITH BIG REGION WIN

The Elba Tigers claimed their second straight home win and upped their record to 3-2 last week with an exciting 20-15 region win over the Flomaton Hurricanes. The Tigers put on one of their famous second half rallies to overcome a 7-0 halftime deficit, and then overcame a couple of near fatal turnovers in the fourth quarter to hold on and escape. Apparently the Tigers didn't want anyone to go home early.

The Elba offense had another big game on the ground as the Tigers rolled up 241 yards despite having to battle past a Flomaton defense that was geared up to stop the run. The Tiger running backs had nine runs of 11 yards or more and averaged almost six yards a carry, while the tailback trio of Moultry, Horstead and Pierson combined for 201 yards on 31 carries and scored all three touchdowns. Two big fumbles late in the game stole some of the luster off the performance of the Elba backs, but the Tigers once again showed they could run the football, and it is the resurgence of the running game that has helped Elba return to the ranks of the winning. The Tiger passing game did hit on one big pass that went for 43 yards; however, teams are going to start to load up to stop the run and in two weeks to come the key to success may very well shift to the pass. I am sure the Elba coaches still have a few tricks up their sleeves on offense, and will pull them out when needed.

The Elba defense allowed 64 yards rushing and a touchdown on Flomaton's first drive of the night, but for the remainder of the game the Tigers allowed no points, one yard rushing and only 43 yards in total offense. The defense took control of the game after the early score and really stopped the vaunted Hurricane wing-t attack cold over the final three and a half quarters. The Tigers did allow some crucial third down conversions in the fourth quarter on a third and 24 and a third and 14. However, it was another winning effort by the Elba defense, and another dominating performance. While there were a number of players that stood out on defense, sophomore Ralston Moore easily had his best game of the season with a fumble recovery and two quarterback sacks, while junior Kyle English intercepted his third pass in the last two games, with this week's pick stopping Flomaton's final drive of the game.

I know that the Elba Tigers made more than enough mistakes to lose, but the key is that the Tigers didn't lose, and once again overcame their own mistakes to claim hard fought wins. The close wins may give the coaches a few gray hairs. However, the close wins make the players tougher and give them confidence that they can win late in the game, even when things aren't going their way. Elba's recent wins are the kind that build character, and should help the Tigers turn the program around.

FIFTH WEEK INTERESTING FOR AREA TEAMS

The fifth week of the high school football season has come and gone, and for teams in the area it was a week in which a lot of questions were answered. Here is a quick look back....

*** New Brockton (2-3) snapped its three game losing streak with a 20-12 win over Geneva County, and the Gamecocks proved once again that they could win on the road when they play well on both sides of the ball. The Gamecock running game rolled up over 200 yards and ate up huge chunks off the clock, while the Brockton defense rose up twice and made big stops that turned back Geneva County threats. New Brockton still isn't the biggest, strongest or fastest team around. However, the Gamecocks don't mind hard work, and hard work always pays off.

*** Kinston (3-2) suffered some fatal turnovers in its 32-18 loss to Brantley, and it will be interesting to see how the Bulldogs react to the tough region loss. Kinston had won big over some lesser opponents and grabbed the headlines after improving to 3-1, but Friday night simply didn't play well enough to win against a team that it could have defeated. The Kinston Bulldogs may have gotten a little overconfident after winning three straight and may have even become a little complacent. I imagine Coach Glass and his staff will get the team's attention this week and try to find that intensity and hunger that made the winning streak possible.

*** Zion Chapel (1-4) played unbeaten G.W. Long on near even terms throughout the first half before falling 35-6, on the road. The Rebel offense moved the ball up and down the field throughout the game, but made some key penalties that slowed some drives, and made some youthful mistakes that stopped others. Zion Chapel has a young team filled with some young players that give it all they have on every play, and before long something good will happen and this team will improve by leaps and bounds. Rebel fans just have to be patient.

*** Brantley (2-3) snapped its three game losing streak and grabbed a big region win at the same time last week by posting a 32-18 win over Kinston. The Bulldogs continued to struggle on offense in the win, but got two touchdowns from the defense and one score on a kickoff return to put enough points on the scoreboard to get the much needed win. Brantley's schedule gets a lot easier for the next couple of weeks, and if the Bulldogs can get on a roll and gain some confidence, they could still have a pretty good team by the end of the season and make a run in the playoffs. The future is ahead for this young bunch of Bulldogs, and it is brighter than many might think.

QUICK KICKS...

*** Arton got in the win column for the first time this season and added to the woes of Flomaton by rolling to an easy 34-15 win. The Purple Cats dropped a one point decision to Zion Chapel last week, and now that the 'Cats have won, maybe they will begin to turn things around. Guess we can tell more after Friday night's game against Brantley.

*** Goshen got whipped up at Red Level 35-17, and it looks like the Eagles aren't flying very high at all. The folks up in Goshen were looking for another banner season this year, but have managed only two wins in five weeks, and all of the sudden what was supposed to be a winning season has turned into a struggle.

*** Slocomb slipped past Sanson 19-7 to tie its record to 4-1, and the Red Tops are finally starting to pay some folks back for years and years of losing. The Red Tops are still a long way from being a contender, but they are definitely not a pretender, and it is good to see a once proud program headed back in the right direction.

*** W.S. Neal whipped up on Gulf Shores 31-0 to improve to 4-1, and the Eagles from East Brewton are starting to make noise. They intend to go a long way in the 3A playoffs. The Eagles still have some big games left, like a cross-creek encounter with T.R. Miller. However, from where I stand W.S. Neal appears to be a true contender.

*** Geneva saw its 32-game regular season winning streak snapped in a 34-27 double-overtime loss to Dale County, and it will be interesting to see how Coach Leavy Boutwell's Panthers react to the rare home field loss. The long-winning streak was truly one to cherish; however, often times more can be found out about a team after a loss than when the wins are piling up.

*** Opp slipped to 0-5 on the season with a 37-7 loss to Thomasville, and the latest rumors out of Bobcat Country are that former Alabama head coach Mike DuBose might become the next Bobcat boss. I read in the paper last week where Coach DuBose had applied for a position with the new NFL franchise, but I guess if he doesn't get the NFL post he could easily be back at Opp. Hey, Doug Barfield went from Auburn to Evergreen.

*** Greenville clipped past Stanhope Elmore 14-7, and it looks like the Tigers could be headed back to their winning ways of years past. Coach Alvin Briggs brought back a lot of Tiger pride to the once powerful program, and if the players in Greenville ever realize how good they could be - the Tigers could be tough again, maybe sooner than anyone thought.

*** Enterprise saw its record slip to 2-3 with a 22-15 upset loss to Auburn, and now all of the sudden the Wildcats need to pull an upset themselves or face the possibility of missing the playoffs. The loss last week left Enterprise with a 1-2 region slate with only Dothan, Northview and Opelika left, and it is doubtful that a 2-4 region record would punch the Wildcats playoff ticket.

POLISH PROGNOSTICATOR PONDERES PREP PICKS

Ye Ole Polish Prognosticator stopped by the office late Sunday afternoon and vowed to never again ask for any inside info when making his predictions. Last week, Brantley sportswriter Greg Brunson talked the local guesspost out of picking Brantley to knock off Kinston in a key 1A battle, but ignored the Bulldog writer this week when he some how said his 'Dogs couldn't possibly score enough points to get past Arton. I hope the Bulldogs give Greg the post-game jolting this week if they win just to let him know they ain't that bad! By the way, the Polish Prognosticator hit on 33 of 37 picks last week to move his season totals to 128-28, and left these picks for week #6...

ELBA VS. HIGHLAND HOME

The Tigers have paid back some debts in recent weeks, and this week will try to pay back the Flying Squadron for the bombing they put on Elba a year ago at Highland Home. It will take a near-perfect game for the Tigers to upset the highly-ranked Squadron, and while that is always a possibility, the guess here is that the overall team quickness of Highland Home may be simply too much to overcome.

HIGHLAND HOME 14 ELBA 7

NEW BROCKTON VS. HOUSTON COUNTY

The Gamecocks kept their playoff hopes alive last week with a big road win over Geneva County, and this week will return home and try to stop the offensive firepower of Houston County. If New Brockton can play keep away it might have a chance. However, the Lions are on a mission and this week the next victim will be the Gamecocks.

HOUSTON COUNTY 27 NEW BROCKTON 6

Claims second straight ECC title

Late birdies lift Mark Wicker to club championship

Mark Wicker fired a three-under par 32 over the final nine holes, including birdies in the final two holes, to overtake first day leader Colby Capps and win his second consecutive Elba County Club golf championship.

Wicker entered the final nine holes four shots behind Capps, but rallied with birdies on #1, #8 and #9 to claim the championship.

Following are complete tournament results:

CHAMPIONSHIP A
Mark Wicker 73-70-143
Colby Capps 72-72-144
Ken Martin 75-78-153
David Haley 75-86-161

CHAMPIONSHIP B

Elba Tiger varsity and JV's struggle in volleyball

The Elba Tiger volleyball teams hit the court twice last week and continued their recent struggles as both the varsity and junior varsity teams suffered two losses.

The Elba Tiger varsity opened Enterprise State to host basketball camps for boys and girls in grades 3 through 6

Enterprise State Junior College will host a special basketball camp for boys and girls in grades three through six. ESJC's new basketball coach, Jimmy Messer, has scheduled the camp for four Saturdays, October 6, 13, 20, and 27, 9:30 a.m.-Noon. The cost for attending is \$40.00. Campers will be instructed in rebounding, ball handling, shooting, and defending. At the end of the camp, a contest will be held in which trophies will be awarded in 3-on-3, free throws, and hot shot. Also, each camper will receive a t-shirt, a season ticket to ESJC basketball games, and will perform at half-time of a basketball game. For more information contact Coach Messer at 334-593-ESJC, ext. 303 or 393-6131.

KINSTON VS. PLEASANT HOME

The Bulldogs let one slip away last week up in Brantley, but don't have any time to lick their wounds since the Pleasant Home Eagles will come soaring in Friday night in a crucial region game for both teams. Kinston must regroup and rededicate itself if the Bulldogs hope to accomplish their goals over the final five weeks of the season. It won't be easy, but Kinston should get back on track.

KINSTON 22 PLEASANT HOME 16

ZION CHAPEL VS. FLORALA

The Rebels gave G.W. Long a little tougher time than anyone expected a week ago and this week should be chomping at the bits to get hold of the winless Wildcats from down in Florala. Florala will also be looking forward to going up against the 1-4 Rebels, but the guess here is that the Rebels have an ambush planned for Friday night.

ZION CHAPEL 20 FLORALA 12

BRANTLEY VS. ARTON

The Bulldogs snapped a three game losing streak last week with a big region win over Kinston, and this week have a chance to continue their climb up the region standings against Arton. The Purple Cats got a win last week and will be looking forward to the battle with the Bulldogs. However, this one should be a yawner.

Claim big 20-15 region win over Flomaton

Elba Tigers ignore Friday night Hurricane warnings

By Ricky Mularz, Sports Editor

The Elba Tigers took their first step toward a return to the state football playoffs Friday night by posting an exciting 20-15 win over the Flomaton Hurricanes, in a key Class 3A, Region I contest.

The win upped the Tigers' record to 3-2, 1-1 in region play, while the Hurricanes slipped to 2-3 with the loss, 1-1 in region competition.

Flomaton received the opening kickoff and made it look easy as the Hurricanes marched 75 yards in seven plays to grab a quick 7-0 lead. A 35-yard scamper by Brian Wesley on the first play from scrimmage set the tone for the early scoring march, while Wesley scored the touchdown on an 11-yard dash. The extra-point try was successful, and with 8:09 remaining in the first quarter Flomaton was in the lead 7-0.

Elba flexed its muscles on its opening drive and reached a first down at the Hurricane 43-yardline behind the running of Quinton Moultry and Dougie Pierson. A loss on the next snap and an incomplete pass left the Tigers facing a third-and-11, and the Elba threat went by the board when on fourth down Moultry was stopped far short of the yardage needed to move the chains.

The Tigers put the ball in play at the Elba 30-yardline with 6:55 left in the second quarter and brought the large Tiger crowd to its feet when on first down Brandon Petty dropped back and hit Kyle English on a short slant pattern. English broke past two Flomaton defenders and raced down field for a 43-yard gain before being stopped at the Flomaton 27-yardline. Three plays later the Tigers faced a fourth down and six at the Flomaton 23, and Elba was once again turned away, empty-handed as on the key fourth down play Petty was sacked for a 5-yard loss.

Elba received the second half kickoff and finally reached paydirt as the Tigers marched 58 yards in six plays to cut into the Hurricane lead. A big play in the scoring march came on third down and one at the Flomaton 40-yardline, when Dougie Pierson gained 4 yards on a toss sweep, and Flomaton was hit with a 15-yard penalty on the play for a late hit. The penalty moved the ball to the Flomaton 32-yardline, and two plays later the Tigers were at the Hurricane 3 in a 23-yard gallop by Todd

Elba's Dougie Pierson (1) eyes the corner of the endzone as Tiger fullback Jason Curran (10) makes a block on a Flomaton defender. Pierson gained 47 yards on 12 carries and scored 1 touchdown in Elba's 20-15 region win over the Hurricanes.

Elba Tigers ignore Friday night Hurricane warnings

Horstead. Dougie Pierson scored on the next play on a 3-yard scamper, and although the extra-point try failed after being partially blocked, Elba had pulled within 7-6 with 9:11 left in the third quarter.

Elba got the ball back at its own 21-yardline following a Flomaton punt, and the potent Tiger ground game ate up huge chunks of yardage as Elba marched 79 yards in six running plays to grab its first lead of the night.

A 17-yard gain by Quinton Moultry on first down got the Tigers off to a fast start, while a 12-yard blast up the middle by Mendrell Carpenter on third down and gave the Tigers a first down at the Flomaton 45-yardline. Todd Horstead gained 11 yards on the next Elba snap, while on the next play Quinton Moultry bounced outside after finding no room to run off tackle, and raced 34 yards into the endzone. A two-point pass failed to find its target; however, with 5:12 remaining in the third quarter the Tigers were on top 12-7.

The Elba defense got into the act on Flomaton's next possession, as an 18-yard loss on a quarterback sack by Ralston Moore and Patrick Tyson moved the Hurricanes deep in their own territory, and on the punt attempt a low snap resulted in a safety, as Elba's lead grew to 14-7 with 2:00 remaining in the third quarter.

Elba got the ball right back on a fumble recovery by Ralston Moore at the Flomaton 45-yardline, and the Tigers quickly moved to the 33 on a 12-yard dash by Quinton Moultry. It looked like the Tigers were heading back into the endzone to take command, but on Elba's next snap a hard hit resulted in a fumble, and the Hurricanes' Bryan McClain pulled in the fumble in midair and reached untouched 68 yards for a touchdown. Brian Wesley ran in the two-point conversion, and with 11:22 remaining in the final stanza Flomaton was back on top 15-14.

The sudden score stunned the Tigers and quieted the Elba fans, but the Tiger offense was determined to regroup and did just that as it marched 55 yards in only three plays to make the scoreboard lights flicker.

Todd Horstead broke loose for an apparent 51 yard touchdown jaunt on the second play of the series, only to see the long

Tiger tailback Todd Horstead (25) cuts outside a would-be Flomaton defender and eyes running room. Horstead gained 70 yards on 8 carries and scored 1 touchdown in Elba's 20-15 win over Flomaton.

scoring run nullified by a clipping penalty that left the Tigers with a first down at the Hurricane 35-yardline. A 24-yard gain by Dougie Pierson moved the Tigers down to the 11, and on the next play Todd Horstead broke outside and rammed into the endzone to put Elba back on top. A two-point conversion failed; however, with 10:21 left on the clock the Tigers were back in front 20-15.

Flomaton failed to move the chains on its next series, but got the ball back at midfield midway through the quarter, and this time moved to a first down at the Elba 35-yardline. A big defensive play by Dougie Pierson on third down and five left the Hurricanes facing a fourth down and four at the Elba 29, and the Elba defense made the key stop on fourth down to regain possession with only 2:55 remaining in the game.

The Tigers needed to make only one first down to run out the clock. However, Elba fumbled the ball right back to Flomaton at the Elba 38-yardline with 1:13 still left on the clock, and the fans from both sides were on their feet as the game was still up for grabs.

Region games highlight week
#6 schedule for area teams

The high school football season will reach the week #6 mark this Friday night, and for all four area teams the week will bring with it crucial region contests.

The New Brockton Gamecocks will return home to battle Houston County, while the Kinston Bulldogs will host the Pleasant Home Eagles, the Zion Chapel Rebels will celebrate homecoming against the Florala Wildcats, and the Brantley Bulldogs will hit the road to tangle with the Arton Purple Cats.

(5-0) Houston County at (2-3) New Brockton

The New Brockton Gamecocks will be fresh off a key region win over Geneva County Friday night when they host the Houston County Lions, the #2 team in the state in Class 2A.

The Gamecocks got a much needed region win last week with the 20-12 decision over Geneva County, and snapped a three-game losing streak at the same time. New Brockton's winged attack rolled up almost 245 yards on the ground in the win, while the Gamecock defense came up with two big defensive stands that helped it survive the tough road trip to Hartford.

Houston County posted an 11-1 record a year ago and will come into Friday night's clash with a 5-0 record and a #2 ranking in the state 2A polls. The Lions have posted wins over Ashford 28-20, Zion Chapel 40-0, Sanson 42-12, Wickburg 35-0 and Cottonwood 35-7, and are huge favorites to claim the region crown for the second straight season.

If the New Brockton offense can control the ball and keep its defense off the field, the Gamecocks may have a chance at the upset. However, Houston County is loaded with weapons on both sides of the ball, and has to be a big favorite to post the road win.

In 1A region contest

Long rally sinks Rebels 35-6

By Randy Winters and Chris Winters, Sportswriters

The Zion Chapel Rebels' early scare into the undefeated G.W. Long Rebels Friday night in Skippersville, but failed to get back into the endzone over the final three quarters as G.W. Long pulled away late to claim a 35-6 win.

The loss dropped Zion Chapel's record to 1-4, 1-2 in region play, while G.W. Long upped its record to 5-0 with the win, 3-0 in region competition. Zion Chapel received the opening kickoff and got off to a fast start as on the opening play of the game Michael Rayburn scampered 10 yards for a first down. The next three running plays left Zion Chapel facing a fourth down and four, and when the snap on the punt attempt was low, it appeared Long would take over in excellent field position.

Zion Chapel's Michael Rayburn turned the tables, however, as he scooped up the low snap and weaved his way up field for 36 yards into the endzone. A two-point try failed, but Zion Chapel was on the board first with an early 6-0 lead.

G.W. Long began its first possession at its own 48-yardline and needed only five plays to reach paydirt. The score came on a 1-yard plunge by Josh Fisher, while Ben Woods tackled on the extra-point to put G.W. Long on top 7-6 with 6:55 remaining in the first quarter.

Zion Chapel's offense continued to move the ball on its next possession, and behind the hard running of Michael Rayburn moved to a first down at the

(3-2) Pleasant Home Eagles at (3-2) Kinston Bulldogs

The Kinston Bulldogs will be looking to get back on track and grab an important win at the same time Friday night when they host the vastly improved Pleasant Home Eagles.

Kinston saw its three game winning streak snapped last week with a 32-18 region loss to Brantley, and the Bulldogs need to bounce back this week to wrap up a berth in the state playoffs.

The Kinston running game was slowed last week except for fullback Todd Mock, and the Bulldogs must regain their early season offensive explosiveness if they hope to remain undefeated at home.

The Pleasant Home Eagles have been one of the surprise teams in the state this season and will enter Friday night's region clash with a 3-2 record. The Eagles, in only their second year of varsity competition, have posted wins over Lyman Ward 35-6, Red Level 15-8 and Zion Chapel 35-0, but have dropped two games in a row in losing to G.W. Long 21-7 and Millry 14-12.

Both teams need a win to improve their standing in the region, and the winner of this one could easily be the team that wants it the most.

(0-5) Florala Wildcats at (1-4) Zion Chapel Rebels

The Zion Chapel Rebels will be looking to give a large homecoming crowd plenty to cheer about and even their region record at 2-2 Friday night when they host the winless Florala Wildcats.

The Rebels claimed their first win two weeks ago over region foe Arton, and moved the ball up and down the field well in a loss to G.W. Long. Zion Chapel must improve on defense to give its offense a chance to put points on the scoreboard, and if it gets enough chances, the Rebel offense will be able to find the endzone.

Woods also added the extra-point, as G.W. Long moved on top 28-7 with 10:09 remaining in the third quarter.

G.W. Long began its next series at the Zion Chapel 40-yardline and quickly pounded the ball down field to add to its advantage. The score came on a 1-yard plunge by Fred Grubbs, and Woods made it 5 for 5 with the extra-point, as G.W. Long extended its lead to 35-6 with 3:48 left in the third quarter.

The Zion Chapel offense continued to have success moving the football on its next possession, and crossed midfield on a 39-yard pass from Wesley Grant to Michael Rayburn. The Rebels moved to a first down at the G.W. Long 34 on a 13-yard run by Rayburn, only to be turned back with a fumble back at the 47.

Zion Chapel never backed down in spite of the deficit and rolled up the first downs behind the running and passing of Wesley Grant. However, the Rebels never got back into the endzone, and at the final horn left the field on the short end of the 35-6 decision.

Michael Rayburn gained 174 yards on 18 carries to lead the Zion Chapel offense.

Florala will bring an 0-5 slate into the Friday clash and has struggled throughout the season in losing to Red Level 49-0, Straughton 27-6, Excel 48-0, Kinston 56-0 and Arton 34-15. The Wildcats were expected to be in a rebuilding season under new coach Clint Head, but the season has become a real nightmare, and it will take a win for the Wildcats and their fans to wake up.

While Zion Chapel should be a heavy favorite, Florala will make the trip up to North Coffee County looking to grab that elusive first win of the season, and if the Rebels aren't focused and ready, it could be a battle.

(2-3) Brantley Bulldogs at (1-4) Arton Purple Cats

The Brantley Bulldogs will be looking to move up in the region standings Friday night when they head over to Arton to tangle with the Arton Purple Cats.

Brantley snapped its three game losing streak and put 33 points on the scoreboard last week in a big 32-18 win over Kinston, and the Bulldogs will be looking to continue that momentum started last week against the 'Cats. While the Brantley offense continued its season-long struggles, the Bulldogs did score two defensive touchdowns last week, and even its region record at 1-1.

Arton has been fighting an uphill battle since losing its head coach the week before the season started, and the Purple Cats will bring a 1-4 record into the Friday night show down.

The 'Cats defeated Millry 21-15 last week for their first win, while they have dropped decisions to Alabama Christian 52-6, Catholic 20-7, Kinston 49-6 and Zion Chapel 22-21.

Brantley will be a big favorite against the Purple Cats. However, Arton has gained a lot of confidence in recent weeks with a one-point loss to Zion Chapel and a win over Florala, and the Bulldogs will have to be ready when they hit the field.

as the Gamecocks moved on top 7-6 with 3:33 still left in the opening stanza.

The New Brockton defense came up with a big defensive stand early in the second quarter at the Gamecock 37-yardline, and the Gamecock offense quickly rolled down field to add to its lead. Jeremy Meeks got his second touchdown of the half on a 30-yard sprint, and Herroero tackled on the extra-point, as New Brockton extended its lead to 14-6 with 9:08 remaining in the second quarter.

New Brockton received the opening kickoff, but handed the ball over to Geneva County almost immediately with a fumble at the Gamecock 9-yardline, and the Bulldogs rushed in on the turnover, when Devan Wilkerson bulled over from 2 yards out. The extra-point failed, but with 8:46 remaining in the first quarter, Geneva County was on top 6-0.

New Brockton began its ensuing possession at its own 41-yardline and this time managed to hold on to the football and drive 59 yards for a touchdown. Jeremy Meeks got the score on an 8-yard dash, while Albar Herroero added the extra-point.

The Gamecock offense failed to move on its ensuing possession, but the New Brockton defense made a big stand at midfield late in the fourth quarter. Herroero got the score on a 16-stop at Geneva County threat, and the Gamecocks then scored on the final play of the second quarter.

The Gamecock offense failed to move on its ensuing possession, but the New Brockton defense made a big stand at midfield late in the fourth quarter. Herroero got the score on a 16-stop at Geneva County threat, and the Gamecocks then scored on the final play of the second quarter.

Coffee County Association of Retired Teachers and Support Personnel to meet October 16

The Coffee County Association of Retired Teachers and Support Personnel will meet on Tuesday, October 16th at 11:30 a.m. in the Conference Room at National Security, Elba. Lunch reservations are required. If not contacted by telephone committee call 347-4612.

Batchelor reunion to be held Saturday, October 13

The Batchelor reunion will be held Saturday, Oct. 13, 2001, at the American Legion on Troy Highway in Elba. Descendants include those of Charlie and Lena King Batchelor. Jesse Marvin, David, Horace, Vinnie, Ruby, Dolly, and Eva Bell. All relatives and friends are invited. For more information call 334-427-0009.

Dr. Grant Coleman recognized at awards ceremony honoring U Of A dental students

Dr. Grant Coleman

Dr. Grant G. Coleman of Elba, Ala. was recognized at an awards ceremony held June 9 honoring University of Alabama dental students with superior academic performance. He was among 55 dental students who earned their DMD degree. He was awarded the prestigious American College of Dentists Award for demonstrating the highest degree of professional technical ability throughout his career as a dental student. He is currently enrolled in the Orthodontics Residency Program at Virginia Commonwealth University in Richmond, Va. Dr. Coleman is the son of the late Nelda Coleman of Elba and Mr. Gerald G. Coleman of Montgomery.

ANN ELIZABETH MASHBURN, granddaughter of Jim and Ann Nichols, was recently selected as co-captain of the junior varsity cheerleading squad at Columbus High School in Columbus, Georgia. Ann Elizabeth was also chosen to participate on the junior varsity competition squad. She is the fifteen-year-old daughter of Carole and Chuck Mashburn.

THE SOUTHEAST ALABAMA GAS DISTRICT will observe Public Natural Gas Week Oct. 1-5 along with hundreds of other natural gas systems across the nation. Public Natural Gas Week is a cooperative effort among all segments of the natural gas industry and increases public awareness of the advantages of public gas. "Natural gas is among the cleanest and most affordable fuels available," said Southeast Alabama Gas District President and CEO, James H. Smith. The Southeast Alabama Gas District will observe Public Natural Gas Week with an Open House at each of the company's three divisional offices: Dothan, Enterprise and Andalusia. In addition, smaller celebrations will take place at offices in Abbeville, Brundidge, Daleville, Elba, Eufaula, Ft. Deposit, Greenville, Headland, Luverne, Opp, Ozark and Troy.

State Board of Education approves Aid for service men and women with Alabama college system ties

Gov. Don Siegelman and other members of the Alabama Board of Education recently unanimously approved a resolution allowing National Guard Reserve and active duty military personnel who are activated or deployed in response to America's war on terrorism to have tuition and fee payments to Alabama's two-year colleges refunded. The members of the Alabama National Guard proudly serve our state and our nation, and for this, we are grateful," Siegelman said. "I am hopeful that today's action will serve to support members of our military who will be working to protect and preserve the freedoms we so dearly love."

Services are being provided by Coffee County School System for intellectually gifted students

The Coffee County Board of Education would like to inform all parents that services are provided for intellectually gifted students. The primary purpose of the Gifted Education Program for the Coffee County School System is to provide opportunities for students to grow and learn. The resolution allows a refund of in-state tuition and fees, including full textbook refunds, and prorated refunds for the unused portions of meal and residence hall fees previously paid by Guard and Reserve members and active duty military personnel who must withdraw from any college of the Alabama College System. Board members also authorized refunds to dependents who must relocate after deployment of their active duty heads of household.

In 1990, the Board approved similar services during Operation Desert Storm. Plans are shaping up for the Coffee Springs Fall Festival sponsored by the Rural Community Action Group on October 20 at the old high school in Coffee Springs. Folks from communities all over this area are cooperating to make this a "good ole fashion" fun day. Angie Casey of WTVY in Dothan will serve as the Mistress of Ceremony. The Enterprise State Junior College ROTC Color Guard will present the Colors and the opening prayer will be sung by Lisa Donaldson of Samson, Ala. There will be various entertainment from other communities throughout the day. Tentative plans for a 5K road race, children games, bake sales, concession stand, cake walk and other activities. Arts and craft booths will be set up in the gym and this would be an ideal time to do a little Christmas shopping. There is still space available to rent a booth. For an application or more information call Gail Carty at 334-684-9810.

Students in grades K-12 may be referred for Gifted Education by any person having knowledge of the child. This may include the child's parent guardian, classroom teacher, or other persons knowledgeable about the child. The person referring the student for the Gifted Education Program may obtain a referral form and directions for completing the form from the child's school. Eligibility for the Gifted Education Program will be determined by the Multidisciplinary Eligibility Determination Committee. This committee will gather and review a variety of information. Students who are disadvantaged due to economics, cultural and/or environmental reasons will receive special consideration. Multiple criteria, including student characteristics, aptitude, motivation, and achievement, will be considered as part of the eligibility requirement for Gifted Education students. Additional criteria for giftedness to be considered will include teacher observation, work samples, and checklists. If you need additional information regarding the Gifted Education Program, please contact Dr. Linda Ingram, Superintendent, Coffee County Schools, 400 Reddoch Hill Road, Elba, AL 36323; phone: 334-897-5016.

Coffee Springs Fall Festival planned for October 20th

During an award ceremony recently on Capitol Hill in Washington, DC, leaders of the Electric Cities of Alabama honored Congressman Robert E. "Bud" Cramer for his years of service to the over one-million consumers served by Alabama's municipally owned electric utilities.

The award acknowledges the outstanding support and assistance Congressman Cramer has rendered to Alabama's Electric Cities and over one million citizens they serve. Congressman Cramer is from Huntsville and represents Alabama's Fifth Congressional District in the U.S. House of Representatives.

WCC's Young named Rotary Paul Harris Fellow

Dr. Linda C. Young, president of Wallace Community College, received the Paul Harris Fellow Award recently at the Eufaula Rotary Club. The Rotary Foundation bestows this honor as a means of recognizing substantial contribution to the organization's humanitarian and education programs. The award is named for Rotary founder Paul Harris, a Chicago lawyer who started Rotary International with three business associates in 1905.

Annual Pioneer Day to be held November 10th at Troy at Pioneer Museum

Annual Pioneer Day at Pioneer Museum of Alabama located on Hwy. 231 North Troy, Alabama will be held, Sat. November 10, 2001. Gates will open at 9:00 a.m. A pioneer settlement comes to life all day and the amphitheater is filled with the sounds of music that evening. There will be Smokehouse samples, Blacksmiths at their forges, Carpenters using hand augers, drawing knives and shaving horses, Hog skinning and wood shingles being made. There will be a Grist Mill operating and a bag of freshly ground cornmeal and grits may be purchased, for a taste of the south. Sample freshly churned butter can be sampled from our Pioneer Kitchen.

The General Store can be visited for a game of checkers. Fiddlers, guitars, dulcimer and accordion music and Barbershop Quartet singing in the Village Center can be heard. There will also be: Authentic Pioneers, Frontiersmen and Native American encampment and demonstrations, spinners, weavers, quilters sharing their crafts, potters, basket makers, candlemakers, trade blankets, atlatl throw, Indian fry bread & hominy samples, and order of the Arrow, Native American Drum, Wild West Entertainment, Bruce Brannen and The Southpaw rodeo entertainment, bull whip artist, trick and fancy roping, cowboy poetry. Food that can be purchased will be hot boiled peanuts, hot dogs and pizza.

Three on a String will be performing at 6 pm and The Atlanta Rhythm Section at 7 pm. Admission will be \$10.00 adults \$5.00 children 12 and under. Admission price includes daily festivities and both concerts.

For more information call Charlotte Gibson at (334) 566-3599. www.alabamianet.com

Alabama's Electric Cities presents distinguished service award to Congressman Bud Cramer

Through his leadership in Congress, Congressman Cramer has been a champion of Alabama's electric cities, working in Congress to defend and enhance the quality of life for all Alabama's citizens," said Electric Cities' Executive Director, Fred Clark.

The Distinguished Service Award is the most prestigious award the Electric Cities of Alabama can bestow on and individual member of Congress. The Electric Cities of Alabama is a statewide association of Alabama's municipally owned electric utilities in Alabama, spanning the state from Tennessee Valley in north Alabama to the Gulf Coast and Wiregrass Regions of south Alabama. Attached is a list of the cities in Alabama that own and operate their electric utilities.

Congressman Cramer has worked diligently throughout his years in office to assist Alabama's electric cities in providing reliable electric services and low rates for their consumers.

Alabama Poultry and Egg Association is sponsoring chicken dinner October 4 at ESJC

The Alabama Poultry and Egg Association Promotional Committee is sponsoring a chicken dinner at Enterprise State Junior College on October 4. Proceeds from the \$5.00 per plate dinner will help fund two scholarships to be awarded to ESJC poultry science majors. The meal includes a chicken breast, slow baked beans, bread, and dessert and will be served from 10:45 a.m.-12:30 p.m. in ESJC's Lurleen Wallace Hall's Student Center Multipurpose Room. For information on how to purchase tickets, call Dr. Nancy Smith at 334-393-ESJC, ext. 295.

Elba Chamber of Commerce presents awards

BUSINESS OF THE YEAR...The National Security Group, Inc. was named Business of the Year last Thursday evening, Sept. 27, during the annual banquet of the Elba Chamber of Commerce. Several employees of the company accepted the award Friday morning on behalf of all the employees who work everyday to make National Security a success. The award was presented by Kaye Whitworth, executive director of the Elba Chamber of Commerce.

ELBA CHAMBER OF COMMERCE RECOGNIZES INDIVIDUALS...Several individuals were honored during the Elba Chamber of Commerce annual banquet Thursday, Sept. 27, for their continued service and participation with the chamber. The award winners were (left to right) Daniel Stephens, Spirit of Elba award; Joan Ward, Volunteer of the Year; and Doug Holderfield, representative business WZTZ - Chamber Member of the Year. Another winner for the evening was Tim Johnson who won \$2,500 from a drawing held by the chamber. Over 200 people attended this year's banquet.

The Elba Clipper

Volume 105, Number 18 50 Cents Elba, Alabama Thursday, October 11, 2001 1 Section, 14 Pages Plus 2 Adv. Inserts

CONGESTED INTERSECTION...The Elba Police Department responded Thursday afternoon, Oct. 4, to the above car versus 18-wheeler accident at the intersection of Hickman Avenue and Alabama 203 Bypass in Elba. According to the police report, the 1991 Honda Accord, driven by Rebecca Suzanne Ward, age 19, of Brundidge, failed to yield the right-of-way while attempting a left-hand turn at the intersection. The 1998 FHIT, driven by Thomas Walker Franklin, age 59, of Jacksonville, Fla., was traveling through the intersection on Hickman Avenue. The tractor-trailer is owned by Schneider National of Green Bay, Wis. Luckily, neither driver was seriously injured in the accident which was investigated by Officer Robert Folton of the Elba Police Department.

During Elba City Council meeting

City clerk's letter of resignation submitted

by Ferrin Cox, Publisher

The Elba City Council meeting Monday evening was business as usual, paying bills, updating ordinances etc. until Mayor James Grimes read another letter of resignation from a key staff member. City Clerk Donnie Morrow has submitted his resignation effective "as soon as a replacement can be named." Mayor Grimes said Donnie indicated he would like to leave by the end of this month.

The letter noted that Morrow has spent almost 45 years in various public service jobs and is ready to slow down and enjoy life, children and grandchildren more. He has been City Clerk for the past five years.

No discussion was held on a replacement city clerk, even though there are continuing rumors around town of a possi-

ble replacement already being considered. Police Chief R.W. Whitcomb reported the resignation of a dispatcher and mechanical problems with a patrol car. The dispatcher leaving has accepted a similar position with the Greenville Police Department.

While a replacement patrol car had to be taken out of service due to mechanical problems, and the

had placed his chief's car on the road in that position, complete with decals. The Chief recommended buying a used 1999 vehicle from a local dealer for \$10,000 to be used as a chief's car. However, council members said they would rather consider leasing a new vehicle that would be equipped with the special police package to also cover the road 11 and when necessary, Grimes agreed to look into the cost of leasing one or two new patrol cars on a three year lease/purchase basis.

The council talked for the second time on ordinance relating to the local police, concerning state laws. It will be considered once again when the city attorney is present to answer some questions concerning wording in the new ordinance.

The council passed an ordinance dealing with the kind of breath test machine used for testing suspected drunk drivers. They both passed with only Junior Culver voting against

passage. Culver said he didn't understand why they needed to pass two ordinances which said about the same thing.

Monthly bills totaling \$18,456.55 were approved for payment.

City Clerk Donnie Morrow reported that the paving company has moved equipment back in to complete the resurfacing of Cordelia Street (behind the new post office) this week.

He also noted that Yelverton Street (by the old post office) is once again a two-way street and cautioned drivers to be careful until all the proper traffic signs have been posted and drivers become accustomed to the change.

Mayor Grimes reported that Elba has had a good year, but a difficult year economically. He added that things are looking up.

Please See ELBA, Page 3

NOTICE

Yelverton Street in Elba is now a two-way street. This is the street in front of the old Elba Post Office.

The street was changed last week to allow traffic to travel in both directions now that the post office has moved to its new location.

Coffee County BOE recognizes high achieving students

by Linda Hodge, Editor

The Coffee County Board of Education recognized several "special" students of the school system Thursday evening, Oct. 4, during the regular meeting of the board.

Students who participated in the Duke University Talent Identification Program (TIP) were recognized and presented a certificate during the meeting.

The program, which began in 1980, is designed to identify talented seventh graders and allow them an opportunity to take a college level entrance exam, the ACT or SAT. The student must then score in the 95th percentile of in-school standardized tests to qualify for TIP.

According to school officials, 3,594 students took the tests in Alabama last year, and 18 of those students were from Coffee County.

Statewide, 1,064 students qualified for state recognition.

Engineer says bridge report looks good for Coffee County

by Linda Hodge, Editor

The word trauma tends to make people feel a bit uneasy, but that was not the case Monday morning, Oct. 8, during a regularly scheduled meeting of the Coffee County Commission when a representative of the Southeast Medical Center Trauma Unit made representation to the Coffee County Sheriff's Department.

Jack Chancey, program manager of the SE Medical Center Trauma Unit, addressed the commission concerning work the Coffee County Sheriff's

Department has done recently with the Click It or Ticket campaign during the Memorial Day and Labor Day weekends.

Chancey said the trauma unit was awarded grants in December of 2000 to allow them to compensate officers in their campaign to avoid traffic injuries and fatalities. He said the Coffee County Sheriff's Department was instrumental in getting the program started in Coffee County, and on Monday he presented a citation to Chief Deputy Myron Williams com-

plimenting the unit's success in reducing traffic fatalities. Williams, who has been with the unit since 1998, said the unit has been successful in reducing traffic fatalities in Coffee County.

Chris Fuller of Zion Chapel High School received Grand level recognition. Fuller is the first student from Coffee County to ever receive grand recognition.

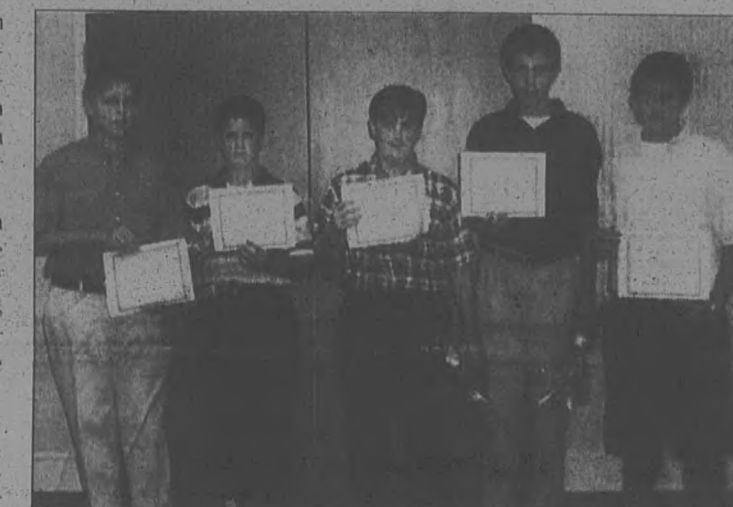

Coffee County Schools Superintendent Dr. Linda Ingram gave board members an update on the capital plan.

Ingram said the capital plan is a 5-year plan that is updated yearly. She said in the summer, the school system was notified of the availability to write grants for \$100,000 for school renovations and \$35,000 for computer infrastructure.

She said if approved for these grants, the school system will be required to use the money for projects that have a dire need.

She offered some suggestions to board members for use of the grant money if approved for Coffee County.

At Kinston High School, Ingram said the old part of the building where the library is

From left: Joshua Driver, Aubrey J. Davis, Chris Fuller, Trent Edwards and Stephen Hines.

located needs the wiring replaced. She said the county's facility assessor said the building still has the original wiring that is approximately 80 years old, and replacing this wiring will provide better safety precautions.

Zion Chapel High School has a sewage problem with an old septic tank, and New Brockton High School needs renovations to the agriculture building. However, Ingram said the renovations at New Brockton will require much more money than is available through the grant.

As for the computer infrastructure grant, Ingram said the

Area Happenings

HIGH SCHOOL FOOTBALL On Thursday Oct. 11, the Brantley Bulldogs will be at home against Florida. On Friday, Oct. 12, the Elba Tigers will travel to East Brewton to take on W.S. Neal. The New Brockton Gamecocks will travel to Dothan to take on Houston Academy. The Kinston Bulldogs will be at home against G.W. Long and the Zion Chapel Rebels will travel to Talladega to take on the Alabama School for the Deaf. Kickoff for all games will be 7:30 p.m.

LIBRARY CANNED FOOD DRIVE The Elba Public Library is having a canned food drive Oct. 1-13 for the Wiregrass Food Bank. Pay overdue fines by bringing canned foods to the library. Three cans of food will pay off \$5 in overdue fees.

WILDLIFE MEETING The Alabama Department of Conservation and Natural Resources, Division of Wildlife and Freshwater Fisheries, announces a countywide public meeting for Coffee County on Friday, Oct. 12, at 6 p.m. in the New Brockton Farm Services Center.

LIBRARY CLOSING The Elba Public Library will be closed October 15-16 for inservice training.

Rachel Grimes will be representing Kinston at the Miss National Peanut Festival on October 19 and 20, 2001. Rachel is the 17 year old daughter of Randy and Johanna Grimes of the Basin Community and the granddaughter of Bill and Martha Grimes of Elba and the late Rick and Wanda Martin of Enterprise.
